Seeing is Believing

Some few, unthinking people may consider that big Green Tag Poster of ours, a bit sensational—may even confound it with other "flyers," in the rather overdone "sale" line of Albuquerque, but after those people see the goods displayed in our windows, they will no longer doubt—for what the eye sees the heart believes.

Why are we selling \$9 outing suits for\$4.75
We are selling \$12 outing suits for\$8.75
Why are we selling \$16 business suits for\$11.75
We quote \$3 Knox Straw Hats at90c
We quote 75-cent Neckties at30c
We quote 25-cent Hose at12½c

See our \$3 Trousers at\$1.90
See our \$5 Boy's Suits at\$3.90

You naturally ask, why these reductions? Here it is in a nut shell: It pays us to clean out all of this season's goods and start with a fresh stock next spring. It pays us to turn over this money two or three times instead of having it tied up in old stock and what is apparently a loss is in reality profitable business for us.
